To Whom It May Concern:

This letter is to articulate the doctrines of our church in regard to vaccines and immunization. We do not believe that it is right for Christians to be vaccinated. Most vaccines are made from tissue that originally came from intentionally aborted fetuses. The Bible is clear that life begins at conception, which is why we believe that abortion is murder. As Christians, we cannot in good conscience use a product that was developed, researched, or manufactured with the use of tissue from a murdered human being. The following two scriptures from the Bible teach that after conception, God considers the developing human fetus "a child".

**Isaiah 7:14-** Therefore the Lord himself shall give you a sign; Behold, a virgin **shall conceive**, and bear a son, and shall call his name Immanuel.

**Matthew 1:23-** Behold, a virgin **shall be with child**, and shall bring forth a son, and they shall call his name Emmanuel, which being interpreted is, God with us.

In addition, vaccines involve injecting "unclean" materials into the blood stream in order to provoke an immune response from the body. These include antigens and adjuvants. Including germ and viral materials. While not subject to the Old Testament law in a legalistic sense, the principals still broadly apply unless the New Testament gives other instruction. Vaccines violate the principal of separating unclean from clean. Nowhere in the bible does God ever instruct people to deliberately infect or contaminate themselves with something unclean for a supposed health benefit. In fact, when it comes to disease in particular, God instructs us the exact opposite. "And that ye may put difference between holy and unholy, and between unclean and clean." Leviticus 10:10

"All the days wherein the plague shall be in him he shall be defiled; he is unclean: he shall dwell alone; without the camp shall his habitation be." Leviticus 13:46

In addition to all of this, Jesus Christ said "When Jesus heard *it*, he saith unto them, **They that are whole have no need of the physician, but they that are sick:"** - Mark 2:17

This letter was requested by the person presenting it to you today, because of their sincerely held religious beliefs.

Sincerely,

Pastor Aaron Thompson
